*Does not include Belleroc Tire Services, a joint venture between Tredroc Tire Services and Belle Tire Distributors.

How the rankings are determined:

To make the *MTD* Top 25 U.S. Commercial Tire Dealers list, a dealer has to: 1) sell truck tires, 2) have at least one retreading plant, and 3) offer 24/7 road service. Points are tabulated based on number of outlets. Each commercial-only outlet received two points and each

retread plant received one point. The number of combination commercial/retail stores is multiplied by the estimated percentage of commercial sales and then multiplied by two. The highest 25 point totals make up the list, and then the dealers are ranked based on estimated commercial sales.
